nCompass Homes People

Our newsletter feature this month is YOU! Without YOU we wouldn't be as busy as we are! We would like to thank each and every one of you for your support at Kids Cure for Cancer and making Keiley's Krew the biggest corporate team. Your thoughts and prayers for John have been amazing and much needed. Your confidence in nCompass being able to handle all your remodeling and service needs is encouraging. Your support and extra help on our jobsites and with our bookkeeping have not gone unnoticed. We Thank All of YOU!

Kitchen Remodel

nCompass Homes recently completed this kitchen remodel. We started by taking out framing at the pantry closet and the soffits above the 30" cabinets. We moved the refrigerator, pantry and deleted the desk area. By using 42" uppers adding cabinets in place of the desk area we increased the cabinet storage by 55%. Useable countertop space was increased by 15 square feet. The homeowner traded in her old appliances and added a 36" cooktop, Chimney hood, wall oven, dishwasher, refrigerator and built-in microwave. Our homeowners love their new kitchen and feel it completes their home. We completed this job on time and in our homeowners budget.

nCompass Homes tips & tricks
